Notice of Availability
Emerging Renewables Program Guidebook
Tenth Edition
CEC-300-2010-003-F/Docket No. 02-REN-1038

The Emerging Renewables Program (ERP) provides rebates and production incentives to end-use consumers who purchase and install renewable energy technologies, specifically small wind systems and fuel cells, for on-site generation.

This revised Guidebook, adopted by the Energy Commission at its Business Meeting on April 7, 2010, describes the rules and process for applying and claiming a rebate under the ERP.

This Guidebook is available free from the Energy Commission's website at:
